JUNE 2015

Hi and Welcome to Church...

We are people of faith. We talk about it, we act on it and, as a church, we're currently taking new steps because of it.

Often, faith is seen as belief; or as a belief system. People speak of sharing their faith. But, it's so much more than that. Faith is the out-working of what we believe. Therefore, faith is action-based just as much as it is belief-based.

Hebrews 11 describes faith as both substance and evidence. If a person lives in faith, it will be seen, it will make a difference and there will be an out-come that flows from it. It's something to act on now, to affect something of the future.

Alongside faith is something very powerful called 'Courage'. They belong together. It's like you go through the "Faith Drive-Thru" and you're asked, "Do you want courage with that?" Always say, "Yes!"

Why do we need courage to have strong, active faith? Faith is concerned with what we don't see right now, and therefore it's naturally a step out of our comfort zone and requires courage. Faith is not something that just happens without our input and decision. Faith acts and becomes strong because we have activated it and we have built it up.

Let's be people who have faith that not only believes, but also acts. This kind of faith:

- will have you doing what you have not done before
- does more than make more than our own lives better, it impacts many lives
- brings a greater future for generations beyond us

Let's go for it all in faith and courage!

Love you

Pastor Paivi
